# INDEX TO VOLUME VI, 1952

*Authors and subjects of articles in the body of the Journal are indexed together. An index to subjects and authors of articles abstracted is given overleaf.*

ACHESON, FIONA, and HEWITT, D: Spread of influenza in a factory, 68
Age and stature, 250
—, maternal, and congenital malformation of heart, 178
—, —, — infant mortality rate, 183
—, —, — stillbirth rate, 183
—, —, — incidence of neurosis related to, 253
Anencephalus, 156, 265
BENJAMIN, B., and GORE, A. T.: Incidence of common infections of childhood, 197
Birmingham, observations on all births in, 1947, VI, 152 183
Birth order and anencephalus, 265
— — — infant mortality, 183
— — — congentital malformation of heart, 178
— — incidence of neurosis related to, 253
— rate, post-war increase evaluated, 231
— — in England and Wales, 186
— weight, duration of gestation, and survival, related to sex, 152
— — of South African babies, III, Seasonal variation, 190
Births in Birmingham, 1947, 152
—, multiple, human, relative frequencies and sex distributions of, 192
BOOK REVIEWS:
PENROSE, L. S.: On the objective study of crowd behaviour, 1952, 159
UNITED NATIONS DEPARTMENT OF SOCIAL AFFAIRS: Demographic Yearbook, 1949–50; 2nd issue, 1950, 76
— — — — —: Probation and related measures, 1951, 77
— — EDUCATIONAL SCIENTIFIC AND CULTURAL ORGANIZATION: Report of the Co-ordinating Committee on Abstracting and Indexing in the Medical and Biological Sciences, 1951, 78
— — ORGANIZATION: Supplement [1951] to the Catalogue of economic and social projects, 1950, 78
BRADSHAW, EVELYN S., *see* SALBER, EVA J., and BRADSHAW, EVELYN S.
Cardiac involvement in acute rheumatism, 162
Chicken-pox, 193, 197
Children, teeth of, 144
Childhood, common infections of, incidence of, 197
CLEMENTS, E. M. B., and PICKETT, KATHLEEN G.: Stature of Scotsmen aged 18 to 40 years in 1941, 245
Cohort analysis of fertility in England and Wales, 1939–50, 226
— method, definition of, 228
Depression, 53
Diphtheria, 198
Disease, physical, in psychiatric patients, differential incidence of, 49
DOUST, J. W. LOVETT: Dysplastic growth differentials in patients with psychiatric disorders, 169
—, —: Psychiatric aspects of somatic immunity, 49
Dysplasia, morphological ontogenetic, in psychiatric patients, 172
Edinburgh, health of an urban community in, 118
England and Wales, fertility in, 226
— — —, tuberculosis mortality in, 259
Epidemic acute rheumatism, 161
— influenza, 68
— in schools, 143, 197
Factory, epidemic in, 68
Family size, 183, 238
— —, limitation of, 188
Fertility, cohort analysis of, in England and Wales, 1939–50, 226
Gestation, duration of, birth weight, and survival related to sex, 152
— — — and anencephalus, 265
GIBSON, J. R., and MCKEOWN, T.: Observations on all births in Birmingham, 1947. VI. Birth weight, duration of gestation, and survival related to sex, 152; VII. Effect of changing family size on infant mortality, 183
Glasgow, tuberculosis and the "social complex" in, 1
GORE, A. T., *see* BENJAMIN, B., and GORE, A. T.
Growth differentials, dysplastic, in psychiatric disorders, 169
Health of an urban community, 118
Heart, congenital malformation of, associated with birth rank and maternal age, 178
Hellin's law, 192
Heredity and acute rheumatism, 166
HEWITT, D., and STEWART, ALICE: Some epidemiological aspects of acute rheumatism, 161
—, *see* ACHESON, FIONA, and HEWITT, D.
HOGBEN, L.: Selective limitation of sibship size, 188
—: review by, 159
—, and WRIGHTON, R.: Statistical theory of prophylactic and therapeutic trials, I, 89; II, 205.
Housing and acute rheumatism, 165
— — health in an urban community, 110
— — tuberculosis, 2
— in Glasgow, 39
Hydramnios, 265
Hypothesis, dual, statistical theory of, 94
Immunity, somatic, psychiatric aspects of, 49
Infant mortality, effect of changing family size on, 183
— —, maternal age and birth rank, 183
Infections, common, of childhood, incidence of, 197
—, risk of, 71
Influenza, spread of, in a factory, 68
London, incidence of childhood infections in, 197
MCDONALD, J. C.: Factors influencing sex differences in mortality from respiratory tuberculosis in England and Wales, 259
MCKEOWN, T., *see* GIBSON, J. R., and MCKEOWN, T.
—, *see also* MACMAHON, B., and MCKEOWN, T.
MACMAHON, B.: Association of congenital malformation of the heart with birth rank and maternal age, 178
—, and MCKEOWN, T.: A note on the sex ratio in anencephalus, 265
Malformation, congenital, of heart, associated with birth rank and maternal age, 178
Marriage, age at, 231
—, — —, and fertility, 240
—, duration of, and birthrate, 232
Maternal age and birth rank associated with congenital malformation of heart, 178
— — — — —, incidence of neurosis related to, 253
Measles, 193, 200
Medicines, patent, 145
Mortality, acute rheumatism, 164
—, infant, 155, 183
— rate, 186
—, —, in Glasgow, 34
—, tuberculosis, trends in, 33
— —, urbanization and, 260
Mumps, 193, 200
Neurosis, 53
—, incidence of, related to maternal age and birth order, 253
NORTON, ALAN: Incidence of neurosis related to maternal age and birth order, 253
Notification, compulsory, of acute rheumatism, 161
Overcrowding and tuberculosis in Glasgow, 1
PICKETT, KATHLEEN G., *see* CLEMENTS, E. M. B., and PICKETT, KATHLEEN G.
Polyembryony and Polyovulation, 195
Poverty and tuberculosis in Glasgow, 1
Prophylactic trials, theory of, 89, 205
Psychiatric aspects of somatic immunity, 49
— patients, differential incidence of physical disease in, 49
— —, morphological ontogenetic dysplasia in, 172
Psychosis, 53
Quadruplets, 193
Race and birth weight, 190
RECORD, R. G.: Relative frequencies and sex distributions of human multiple births, 192
Rheumatic fever, *see* Rheumatism, acute
Rheumatism, acute, epidemiological aspects of, 161
Rubella, 199
SALBER, EVA J., and BRADSHAW, EVELYN S.: Birth weights of South African babies. III. Seasonal variation in birth weight, 190
Scarlet fever, 193, 203
Schizophrenia, 53
School children, height and weight of, 142
Schools, epidemics in, 197
Scotland, health of an urban community in, 118
—, tuberculosis in, 1
Scotsmen, stature of, in 1941, 245
Sex differences in mortality from respiratory tuberculosis, 259
— ratio, 265
— related to birth weight, duration of gestation, and survival, 152
Sibship size, selective limitation of, 188
Sick benefit, claims for, 135
Sickness, measurement of, in population, 146
SKLAROFF, S. A., *see* STEIN, LILLI, and SKLAROFF, S. A.
Social class, and stature, 250
— — — tuberculosis mortality, 261
South Africa, birth weight of babies in, seasonal variation of, 190
Statistical theory of prophylactic and therapeutic trials, I, 89; II, 205
— method in calculating 'variance', 7
Stature of Scotsmen in 1941, 245
STEIN, LILLI: Tuberculosis and the "social complex" in Glasgow, 1
—, —: review by, 76
—, —, and SKLAROFF, S. A.: The health of an urban community, 118
STEWART, ALICE, *see* HEWITT, D., and STEWART, ALICE
Stillbirth and anencephalus, 265
— and birth order, 183
— and maternal age, 183
—, causes of, 156
—, sex specific rates, 155
SWANSTON, CATHERINE: review by, 77
TAYLOR, W.: Cohort analysis of fertility in England and Wales, 1939–50, 226
Therapeutic trials, statistical theory of, 89, 205
Trials, prophylactic and therapeutic, statistical theory of, 89, 205
Triplets, 193
Tuberculosis and the "social complex" in Glasgow, 1
— in an urban community, 118
— — Scotland, 3
—, respiratory, sex differences in mortality from, 259
Turns, 193
Unemployment and tuberculosis in Glasgow, 136,
Unique null hypothesis, limitations of, 89
Weight, birth, duration of gestation, and survival related to sex, 152
— — of South African babies, 109
Whooping-cough, 193, 201
WRIGHTON, R., *see* HOGBEN, L., and WRIGHTON, R.

# INDEX TO SUBJECTS OF ARTICLES ABSTRACTED

(*Abstracts were included in the issue for January* 1952 *only*)

Abortion, induced, 84
Anaemia, sickle-cell, and sickle-cell trait as homo- and heterozygous gene-combinations, 82

Bladder, urinary, congenital exstrophy of, treatment by Coffey-Mayo method of uretero-intestinal anastomosis, 82
Blood groups, Duffy, inheritance and distribution of, 87

Cardiovascular disease in cotton workers, 81
Childbirth training, Grantly Dick Read method of, 1,000 consecutive deliveries in programme of, 87
Children, hearing and speech problems in, electroencephalography in, 81
—, left-handedness in, 81
Coffey-Mayo method of uretero-intestinal anastomosis in treatment of congenital exostrophy of urinary bladder, 82
Cotton workers, cardiovascular disease in, 81

Dementia, senile, psychological investigation of, 84
Duffy blood groups, inheritance and distribution of, 87*
Dyslexia, specific ("congenital word blindness"), 87*

Electroencephalography, 81, 87*
Emotions, role of, in aetiology of hay fever, 84
—, — —, in exercise tolerance, 85
Epilepsy, correlation of seizures, electroencephalograms and emotional state, 87*
—, hereditary of, as seen in relatives and twins, 82
Episiotomy, median, technique and review of 1,500 cases, 87
Exercise tolerance and emotional states, 85

Fly, house, as responsible factor in infant mortality from gastro-intestinal disease, 79

Gastro-intestinal disease, infant mortality from, due to house fly, 79

Hay fever and emotional states, 84
Hearing and speech problems in children, electroencephalography in, 81
Hepatitis, homologous serum, and measles prophylaxis, 80
Heredity, Duffy blood groups and, 87*
—, epilepsy and, 82
—, Methaemoglobinaemia and, 81

Infant mortality from gastro-intestinal disease, due to house fly, 79
Infants born of tuberculous mothers, premature and full-term, care and feeding of, 87

Japan, metal mines, silicosis in, 87*

Labour, painless, by suggestion, 86
—, —, psychoprophylactic method of, 86 (*bis*)
—, 1,000 consecutive deliveries under a training for childbirth programme, 87
Left-handedness in children, 81
Lung volume, effect of tobacco on, 81

Measles prophylaxis and homologous serum hepatitis, 80
Methaemoglobinaemia, familial idiopathic, 82
Mortality, infant, caused by house-fly, 79

Nurses, tuberculosis in, 79

Ophthalmology, clinical, in Armed Forces research, 87*

Paralysis, 79 (*bis*)
Poliomyelitis and tonsillectomy; frequency of bulbar paralysis, 1944–49, 79
— — —, incidence in 1949, 79
— in a small town remote from Melbourne, 79
—, paralytic, following injury, 79
Pregnancy, psychiatric indications for termination of, 85
Pseudocyesis; a psychosomatic study in gynaecology, 83

Rectum, imperforate, and stenosis, 83

Sarcoma of uterus, statistical and clinical study of, 86
Senile dementia, psychological investigation of, 84
Sickle-cell anaemia and sickle-cell trait as homo- and heterozygous gene-combinations, 82
Silicosis in metal mines of Japan, 87*
Speech and hearing problems in children, electroencephalography in, 81
Stenosis and imperforation of rectum, 83
Students, medical and nursing, tuberculosis in, 79

Temperatures, body, diurnal variations in, 81
Tobacco, effect of, on lung volume, 81
Tonsillectomy and poliomyelitis, frequency of bulbar paralysis, 1944–49, 79
— — —, incidence in 1949, 79
Tuberculosis in medical and nursing students, 79
—, infants born of mothers with, care and feeding of, 87

Uterus, sarcoma of, statistical and clinical study of, 86

Vaccination, prevention of whooping-cough by, 80

Whooping-cough, prevention by vaccination, 80
Word-blindness, *see* Dyslexia
